exceed 2.66 cubic feet per second, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources. Work must be prosecuted with reasonable diligence and be completed on or before. Proof of completion of work shall be filed before. Application of water to beneficial use shall be made on or before. Proof of the application of water to beneficial use shall be filed on or before. Map in support of proof of beneficial use shall be filed on or before. IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P, E. State Engineer of Nevada, have hereunto set my hand and the seal of my office, this. 4th. day of June A.D. 19 93 Suate Engineer	14.	Estimated time required to complete the application of water to beneficial use 5 years
By S/ Katherine A. Rice Ratherine A. Rice P.O. Box 130 Smith, NV 89430 Protested ARPROVAL OF STATE ENGINEER This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This temporary permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 54695 is issued subject to the terms and conditions imposed in said Permit 54695 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall he equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times. This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The well must be scaled with ement grout, concrete grout or neat cement from ground level to 100 feet. This is temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on June 3, 1992 at which time all rights herein granted shall revert to the right being changed by this temporary permit. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.56		Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual
By. s/ Katherine A. Rice Katherine A. Rice Katherine A. Rice P.O. Box 130 Smith, NV 89430 Protested. APPROVAL. OF STATE ENGINEER This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This temporary permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 54695 is issued subject to the terms and conditions imposed in said Permit 54695 and with the understanding that no other rights on the source will be affected by the change proposed herein. The will shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water.
